

#### Report Changes :

- 1.CI/CD defines clearly in abstract .
- 2.All changes in document according to feedback.
3. Applied Methodologies
4. Research questions elaborated.
- 5.What I am achieve this report is how to deployment the application by using CI/CD through Devops tools .like Kubernetes , ansible etc.,
5. Included CI/CD Image diagram, how it will use.
6. Finally report made according to feedback changes, references don't change because I use only re write the report by those references.
